manufactured for Maxxgard® Protection Systems

*Enjoy an RV that looks
& Smells like New!*

Odor causing bacteria and allergens can hide in the vents, carpeting and upholstery of a pre-owned RV that appears clean.

MAXXGARD

The active ingredient in Maxxgard's Certified Clean permanently attaches to the malodor molecule changing the molecular structure of the odor, so it can never again be released into the air we breathe. The product continues to work and the existing offensive odor will never return, unless reintroduced to the environment.

MAXXGARD

Certified Clean:

- Eliminates airborne allergens such as mold, mildew and bacteria from the A/C vents
- Destroys food, pet, body, smoke and any organic contaminate odors
- Leaves the A/C vents smelling clean & new
- Removes cigarette and cigar smoke odor

All of our Pre-Owned RV's have been Certified Clean
